

Tabor & Nichols

Israel Tour

See the Sites, Go Behind the Scenes
Experience the Holy Land on a Level that Most Tours Miss

March 1 – 12, 2019

Tour Highlights

Prof. James D. Tabor and Biblical teacher Ross Nichols are teaming up again for an exclusive tour of the Holy Land the first week of March 2019. Even if you have traveled to Israel before, or specifically traveled with Tabor or Nichols, this is the tour for you.

We will take you *behind the scenes*, exploring new archaeological and textual discoveries as they are related to the key Biblical sites we will visit. No tour can cover everything, but we will take you, quite literally, from “Dan to Beersheba” (*1 Samuel 3:20*).

Anyone interested in biblical history and literature will find this tour refreshing and educational from beginning to end. We have no expectations regarding belief systems, politics, or faith orientations. All that is required to go on this tour is a strong orientation toward learning more about the Bible and its history and archaeology.

The tour will transform the way you read and understand the Bible. Throughout the tour, we will share the stories that you know well from the texts, in the very places where the events actually took place. We are limiting the number of registrants to 40--one busload—because we want each person to have time to interact directly with Dr. Tabor and Ross Nichols.

Tour Leaders – *Dr. James D. Tabor and Ross K. Nichols*

We will then begin our journey towards Tiberias stopping at Nazareth Village, described as a "carefully researched re-creation of Jesus hometown," providing us with a glimpse of life in the time of Jesus. We will eat a traditional, first century meal here in Nazareth Village. We will then

visit the ancient city of Sepphoris, the urban capital of Herod Antipas, where Dr. Tabor has excavated. There we will learn about the latest unpublished discoveries at that site. We will continue towards Tiberias, founded sometime around 20 CE by Herod Antipas, son of Herod the Great, who made it the capital of his realm in Galilee. then travel to up into the Golan to the borders of Syria and Lebanon, where we have lunch at a Druze Village. From there we will see the foot of Mount Hermon and we will discuss the prophetic significance of this holy place (Psalm 133). On our way back to Tiberias we will make a delightful stop at Kubbutz Ein Zivan, for wine tasting as well as visit a chocolate factory. We begin our day with a breathtaking view of the Sea of Galilee from the Arbel cliffs, we will see the ruins of an ancient synagogue, and drive past the historic Horns of Hattin—believed by some to be the authentic site of the “Sermon on the Mount.” We then travel to Magdala, on the shores of the Sea, the home of Mary Magdelene, visting the recent archaeological discoveries that are transforming our understanding of 1st century Galilee. Next we will travel to Capernaum where Jesus made his HQ and moved his family. Here we will also tour a third Century synagogue, built upon the visible remains of a first century synagogue

and see the recently uncovered remains of the first century Port. As we leave the Galilee we will stop in at Hamat Tiberias where we will see one of the most beautiful and well preserved mosaics from an ancient synagogue. We will then travel towards Jerusalem, stopping at the spectacular ancient ruins of the Roman city of Bet Shean. Our final stop of the day is at Biblical Shiloh, the ancient central sanctuary location where the tabernacle remained for 369 years. We will begin our day with a bus ride to the Mount of Olives. From this vantage point will look towards the west and view the Temple Mount. We will walk down the Mount of Olives visiting several places of interest along the way including Dominus Flevit, the Garden of Gethsemane, and the Church of All Nations. Our walk will take us deep into the Kidron Valley,

and then up to Mount Zion with a special viewing of the Mount Zion archeology dig site of which Dr. Tabor is co-Director. Dr. Tabor will then take us through the traditional sites of the Upper Room and King David’s Tomb, where recent archaeological excavations have reshaped our understanding of these places. At the end of the day we will visit the newly discovered authentic site of Pontius Pilate’s Judgement Seat with the Gabbatha Pavement and the Praetorium that is rewriting the entire history of our understanding of 1st century Jerusalem.

Day Seven

Thursday – March 7 – *Temple Mount, Western Wall Tunnels, Subterranean Jewish Quarter, and Jerusalem Archaeological Park – Davidson Center*

We will begin our day with a tour of the Temple Mount discussing its history, past, present and future and why it is the most contested real estate on the planet. We will then tour the Western Wall Tunnels. The exposed portion of the Western Wall is approximately 200 feet long; the tunnel provides access to an additional 1,591 ft. of ancient wall. Almost 150 ft. into the tunnel we will see a sealed off entrance to a small synagogue known as “The Cave.” This is believed to be the closest point one can get to the Ancient Holy of Holies. We will eat a nice lunch in the Jewish Quarter, and then we will visit the Wohl Museum, descending 20 feet below the present city level to visit the Wohl Museum, which contains the best preserved ruins of 1st Century Jerusalem. Finally, we will make our way to the Jerusalem Archaeological Park – Davidson Center where we will view all the most recent archaeological discoveries that are

transforming our understanding of ancient Jerusalem.

Day Eight

Friday– March 8 – *Qumran, En Gedi, and Biblical Tamar Park Sabbath dinner*

We will begin our day with a visit to Qumran, where the Dead Sea Scrolls were discovered. There Dr. Tabor will tell us about his own excavations and discoveries and we will visit the ruins of the settlement and see the famous caves where nearly 800 ancient scrolls were discovered. Next, we will visit the beautiful En Gedi where among things, David hid from Saul. We will take a hike and enjoy the wildlife as we make our way to the caves and waterfalls. We will then continue on to the southern Biblical border of Israel, to Tamar (Ez. 47-48) and move into our rooms at Biblical Tamar Park.

[Biblical Tamar Park](#) is located along the ancient spice route, in the Aravah, in the midst of the Biblical wilderness region. On this 55-acre park, there is a lovely dining facility, an active archaeology site, and a peaceful sukkah, perfect for morning and evening gatherings around a campfire. The park is also home to an ancient tree, and is surrounded on all sides by large date palm trees, a mango orchard, and rolling, sand covered hills. Here, during our three nights under the stars, participants will connect with each other, and experience a taste of life in the desert reminiscent of the patriarchal narratives. We will share insights into this special place about its ancient importance as well as its prophetic significance. This portion of the tour provides us with a rare opportunity to get back to the feeling of life in Biblical times, but with a touch of modernity. At Biblical Tamar Park we will stay in clean, comfortable, caravans situated around the centrally located dining facility and sukkah. It has become a favorite part of our tours, and we are most pleased to include it in this tour. Our wilderness stay is a great way to spend our final days in Israel.

Day Nine

Saturday – March 9 – *Sabbath Experience at Tamar, Prayer Mountain, Torah Study, Scorpion’s Ascent, Ancient Roman Tax Station, and Hazeva Research Center*

We awaken to a peaceful Sabbath, feeling the stillness of the desert as the sun rises over the Jordanian mountains. Those who want to rise early, can climb “Prayer Mountain” and watch the sun rise.

We will have a Sabbath morning Bible study after breakfast, talking about the historic area where we are staying and the role it played in the lives of Moses, Elijah, Jeremiah, Jesus, and even Paul. Some may want to take a short bus ride to Scorpion’s Pass, mentioned in the Bible as the Akkrabim Ascent. We will visit an ancient Roman tax station, and then ride to the Hazeva Research Center to learn of various efforts to green the desert.

After dinner, Dr. Tabor will lead us on a walk into the desert to the gravesite of Simcha Pearlmutter, and share stories of this desert rabbi who founded Kibbutz Ir Ovot, now renamed Biblical Tamar Park. Everyone will be welcome to sit around the sukkah fire before going to our rooms.

Day Ten

Sunday – March 10 – *Biblical Tamar Tour, Masada, and the Dead Sea*

We will begin our day with a special tour of the archaeological site at Biblical Tamar, learning of the ongoing work at this site to uncover evidence of occupation from the 10th Century B.C.E. through the modern era. Next we will board our bus and go to visit the ancient fortress of Masada, known today as the site where 960 revolutionary Jewish holdouts died rather than surrender to the Romans. Some will choose to hike the famed “snake path” up the side of Masada, while others will take the cable car to the top. We will learn that Masada was originally built by the Maccabees, and fortified by Herod the Great between 37-31 BCE as a refuge for himself in the event of a revolt. From the top of Masada you will be able to look down upon the ruins of Roman encampments. We will visit an ancient “synagogue without walls” atop Masada. We will then stop at a public beach along the Dead Sea where we will be able to shop and float in waters of the Dead Sea, after which we will go back to Tamar for dinner and then pack for our return home the following day.

Day Eleven

Monday – March 11 – *Beer Sheva, Valley of Elah, Talpiot Tombs, Promenade, Jerusalem, and Airport*

We will depart Biblical Tamar Park on our journey back to Jerusalem through the heart of southern Israel, passing Beer Sheva and stopping along the way in the Valley of Elah where David encountered Goliath. We will walk the stone filled brook marking the location just below the ancient ruins of Khirbet Qeiyafa, dating to the time of David and Solomon.

Just south of Jerusalem, Dr. Tabor will lead us on a rare and special visit to the sites of the “Talpiot Jesus Family tombs” that some think belonged to Joseph of Arimathea and he will reveal the very latest regarding their discovery and research, as well as future plans at the site. We will also have a spectacular view of the city of Jerusalem from the south, along the historic Promenade, experiencing the vantage point Abraham would have had in coming up to Mount Moriah. We will have some free time after lunch for shopping and walking about the Old City of Jerusalem before we catch our bus back to the airport at 6:30 pm for our overnight flights back home.

Day Twelve

Tuesday – March 12 – *Flight home*
